“His Divine Power”

By Gordon Dickey

In Peter ch1v3 Peter said that His divine power has given us everything we need for life and godliness. I remember when this verse was read in a home group meeting and the question came up: Why do I still sin?

When the Canadian Rail Company was building a railroad across Canada, they had to go over an Indian Tribe's territory. The officials met with the Chief and asked for permission to lay the track. After negotiations they gave the Chief a promise for life Rail Ticket, so that he could travel across the country free of charge on any day. The Chief proudly wore this promise around his neck all his life but there is no record that he ever went on a train.

Many Christians are just like that. So let us remember the promises of God and let us avail ourselves of them. Think of Paul's prayer in Ephesians ch1v18. He prayed that the eyes of their hearts would be opened and that they would know His incomparably great power that is at work in us.
